Doctors tell us to eat more fruit and vegetables. They tell us to drink more water and less fizzy drinks. But do we listen?? No, we continue to eat lots of junk food like pizzas, sweets, chips, cakes and biscuits. We are what we eat. If we keep putting bad things into our bodies every day, like lots of fats and sugar, we will see bad things happen to our body. Unhealthy food makes our body unhealthy. People eat junk food because it's tasty, but everybody can have a tasty meal at home. The only problem is that buying fresh products and cooking them takes time. And people prefer to spend time doing other activities, such as watching films, meeting friends, walking in the park etc. If you want to be healthy, you should eat healthy food every day.
